

Esro Pet Food

Natural power for healthy pets

We supply high-quality, dependable raw materials for the pet food sector, all produced in our dedicated pet food plant. Our range includes a variety of species, such as beef, pork, fish, venison and lamb, offered as unprocessed organs, ground meat, or tailor-made mixes. Every product is carefully processed, plate-frozen for optimal freshness, and developed with a focus on quality, nutrition, and animal well-being.

Together, we create smart, tailor-made nutrition solutions.

Choose Esro Food Group – and give your pet the very best nature has to offer.
